

Representing Innovative Process Equipment Manufacturers for over 45 years

## PROCESS EQUIPMENT

	<b>BLOWER TECHNOLOGY</b> A premier supplier of energy efficient blower technology		<b>MEMBRANE BIOREACTORS</b> A membrane bioreactor supplier, and pioneer of the Kubota Submerged Membrane Unit® (SMU).
	<b>MECHANICAL SEPERATION SOLUTIONS</b> An award winning; ISO 9001-2008 certified; global provider of separation equipment, parts, repair and service.		<b>ENHANCED NUTRIENT REMOVAL</b> Energy-efficient treatment process technologies that help solve nutrient removal and other wastewater treatment challenges.
	<b>BIOLOGICAL NUTRIENT RECOVERY</b> ABNR™ system leverages existing microbiology to recover excess P, N and other high-profile contaminants in wastewater.		<b>DISINFECTION TECHNOLOGIES</b> Specializing in Ozone and Ultraviolet Disinfection Technologies.
	<b>NUTRIENT RECOVERY</b> Designs and supplies systems for nutrient recovery and sludge optimization.		<b>POSITIVE DISPLACEMENT SLUDGE PUMPS</b> PVP offers a double disc style sludge pump that provides high performance and low maintenance.
	<b>WASTEWATER GRINDERS &amp; SCREENS</b> Industrial size reduction technology; crushers, shredders, sewage grinders & fine screens.		<b>CHEMICAL FEED PUMPS &amp; SYSTEMS</b> Engineered products for chemical feed applications, including hydraulic mechanical metering pumps, external gear pumps and custom systems.
	<b>STORMWATER MANAGEMENT</b> Stormwater and Wastewater Management, and CSO Abatement Equipment		<b>ODOR CONTROL SYSTEMS</b> Wastewater odor control, emergency chlorine and sulfur dioxide gas removal and protection of critical electronics from corrosive H2S gas.
	<b>MIXING &amp; PUMPING</b> Equipment for water and wastewater treatment focused on mixing and pumping.		<b>HEADWORKS &amp; TREATMENT</b> Market leader in lift station design and manufacture, grit removal systems for municipal headworks.
	<b>LIQUID &amp; SOLID SEPARATION</b> State-of-the-art equipment for municipal and industrial water and wastewater treatment focused on liquid/solid separation.		<b>TREATMENT SOLUTIONS</b> Innovative Process Technologies for the water treatment and wastewater treatment industry
	<b>SOLIDS HANDLING</b> Solids handling equipment and services, helping customers reduce overall operational costs with a lower cost of ownership		<b>BIOGAS CONDITIONING SYSTEMS</b> All facets of a biogas conditioning system, specializing in blower, compression and drying systems.
	<b>SOLIDS SEPARATION &amp; DRYING</b> Pumping, thickening, dewatering and drying technologies aused to help plants reduce biosolids disposal costs.		<b>MATERIAL PROCESS AND CONVEYANCE</b> The next generation of advanced polymer-activation technology and leading manufacturer and systems integrator of material process and conveyance systems.

## FLOW CONTROL EQUIPMENT

	<b>VALVE RE-MANUFACTURING</b> Complete rebuild or repair, field service and replacement parts for butterfly valves, cone valves and double disc gate valves.		<b>SLUICE &amp; SLIDE GATES</b> A full range of high performance gates to meet your flow control needs.
	<b>CONE VALVES</b> Highly recommended and frequently specified cone valves		<b>WATER CONTROL VALVES</b> Complete line of American made flow control valves, pressure control valves, and cone valves with unparalleled long-term value.
	<b>VALVES</b> Leading manufacturer of air valves, butterfly valves, check valves, plug valves, resilient wedge gate valves and double disc gate valves.		<b>WATER CONTROL GATES</b> Highest quality and longest lasting American made water control gates, stop logs and related equipment including fully custom products.
	<b>ENGINEERED VALVES</b> Market leading knife-gate and diaphragm valves.		<b>HYDRAULIC ACTUATION SYSTEMS</b> Stonkus specializes in hydraulic actuation systems and accumulators for valve and pump control.
	<b>FRP GATES / FLUMES / SHELTERS</b> Fiberglass flumes, flow control gates, packaged metering manholes, and pre-engineered structures		<b>WATERWORKS SPECIALTY PRODUCTS</b> Specialty tools such as fire hydrant wrenches, meter keys and wrenches, valve box and curb box keys, probe rods, etc.

Knowledgeable • Professional • Attentive • Likeable

Representing Innovative Process Equipment Manufacturers for over 45 years

**INSTRUMENTATION and OTHER SOLUTIONS**

**ONLINE EDUCATION**

Customized O&M Training and online continuing education for the water and wastewater industry.

**PIPELINE CONDITION ASSESSMENT**

Asset management solutions, including pipeline video inspection with data management and analysis hosted software.

**TRANSIT TIME FLOW METERING**

High performance flowmeter systems employing multi-path transit-time principle to measure flowrate in a wide range of applications.

**PROCESS INSTRUMENTATION**

The reliability, seamless integration and automation to deliver the best treatment efficiency and optimized energy consumption.

**CHLORINE & CHEMICAL TANK SCALES**

Cylinder & Ton scales for weighing Chlorine, Ammonia & SO2 to monitor and control gas feed.

**SEWER and WATER INSURANCE PLANS**

A turnkey custom solution for lateral repairs.

**FIBERGLASS TANK COVERS**

Structural components with the flexibility of open-molding to produce a wide variety of FRP industrial products.

**SAMPLERS & METERING**

Teledyne Isco is the leading manufacturer of wastewater samplers and open channel flow meters.

**POLYMER CONSTRUCTION SERVICES**

Cutting edge provider of Expanding Polymer Technology Solutions.

**TELEMETRY / TELOG**

Field sensors and telemetry solutions for remote monitoring of drinking water distribution and wastewater collection systems.

**MEASURING EQUIPMENT**

Reliable, fast and safe analysis to control and guarantee purity and quality of water and color.

**HESCO SERVICE AND FACILITIES MAINTENANCE**

*HESCO has a full-time, trained, dedicated team of fifteen service technicians that can service everything we sell. Other features of our service department include:*

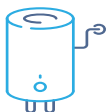

**Fully Equipped Service Vehicles**  
outfitted for Confined Space Entry.

**Modern, Spacious Repair,**  
Testing and Calibration Center

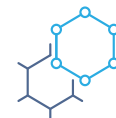

**Field Repair Services:**  
Troubleshooting, testing, equipment evaluations, data validation, repair

**Calibration and Preventative**  
Maintenance Services plus rebuilds

**Start up, Commissioning**  
and Training per manufacturers recommendations

**Full Service, Experienced**  
Facilities Maintenance Team
