

Representing Innovative Process Equipment Manufacturers for 50 years!

 <b>BLOWER TECHNOLOGY</b> Energy efficient blower technology	<b>821</b>	 <b>POSITIVE DISPLACEMENT PUMPS</b> Double disc style sludge pump	<b>3622</b>
 <b>MECHANICAL SEPARATION</b> Separation equipment, parts, repair and service	<b>3438</b>	 <b>ODOR CONTROL SYSTEMS</b> Wastewater odor control, emergency chlorine and sulfur dioxide gas	<b>8321</b>
 <b>NUTRIENT RECOVERY</b> Design and supply systems for nutrient recovery and sludge optimization	<b>3438</b>	 <b>PIPELINE ASSESSMENT</b> Asset management solutions; pipeline video inspection with data management and analysis	<b>4006</b>
 <b>VALVES</b> Air, butterfly, check, plug, and resilient wedge gate valves and double disc gate valves	<b>851</b>	 <b>SLUICE &amp; SLIDE GATES</b> A full range of high performance gates	<b>3819</b>
 <b>CHEMICAL TANK SCALES</b> Cylinder & Ton scales to control gas feed	<b>2620</b>	 <b>WATER CONTROL GATES</b> Fully custom water control gates and stop logs	<b>3655</b>
 <b>GRINDERS &amp; SCREENS</b> Size reduction technology; crushers, shredders, sewage grinders & fine screens	<b>2602</b>	 <b>WATER CONTROL VALVES</b> American made flow control pressure control and cone valves	<b>3655</b>
 <b>STORMWATER MANAGEMENT</b> Stormwater and Wastewater Management, and CSO Abatement Equipment	<b>812</b>	 <b>INTELLIGENT DIGITAL SENSORS</b> Measurement tools for quantity and quality of liquids	<b>529</b>
 <b>MIXING &amp; PUMPING</b> Water and wastewater mixing and pumping	<b>1635</b>	 <b>MANHOLE MONITORING</b> Smart technology for real-time remote sewer overflow monitoring	<b>1038</b>
 <b>LIQUID &amp; SOLID SEPARATION</b> State-of-the-art equipment focused on liquid/solid separation	<b>2242</b>	 <b>HEADWORKS &amp; TREATMENT</b> Lift station design and build; grit removal systems for municipal headworks.	<b>3431</b>
 <b>ENGINEERED VALVES</b> Market leading knife-gate and diaphragm valves	<b>663</b>	 <b>SAMPLERS &amp; METERING</b> Wastewater samplers and open channel flow meters	<b>1416</b>
 <b>SOLIDS HANDLING</b> Solids handling equipment and services	<b>3840</b>	 <b>TELEMETRY / TELOG</b> Field sensors and telemetry for remote monitoring	<b>634</b>
 <b>SOLIDS SEPARATION &amp; DRYING</b> Pumping, thickening, dewatering and drying	<b>2231</b>	 <b>ACTUATION</b> Actuators built to operate in harsh environments	<b>3556</b>
 <b>MEMBRANE BIOREACTORS</b> A membrane bioreactor supplier, pioneer of the Submerged Membrane Unit® (SMU)	<b>2054</b>	 <b>TREATMENT + DISINFECTION</b> Innovative process technologies specializing in Ozone and UV disinfection technology.	<b>2012</b>
 <b>AXIAL FLOW VALVES</b> Engineered valve systems for critical control and safety applications	<b>4536</b>	 <b>BIOGAS CONDITIONING SYSTEMS</b> Biogas conditioning systems, specializing in blower, compression and drying systems.	<b>8300</b>
 <b>ENHANCED NUTRIENT REMOVAL</b> Energy-efficient treatment process technologies for nutrient removal and other challenges	<b>1042</b>	 <b>PROCESS &amp; CONVEYANCE</b> Advanced polymer-activation technology; material process and conveyance systems	<b>4457</b>
 <b>FRP GATES / FLUMES / SHELTERS</b> Fiberglass flumes, flow control gates, packaged metering manholes, and pre-engineered structures	<b>1612</b>	 <b>PROGRESSIVE CAVITY PUMPS</b> Twin screw, progressive cavity and hopper pumps	<b>3551</b>
